

Project: Countryside Manon Water Main Replacement
Project #: PW2020.094
Bid Number: #24220
Addendum #1
Date: January 26, 2024

QUESTIONS RECEIVED

Question 1: Is there a start date for the project to begin? Is there an end date as well?

Answer 1: The anticipated start date is April of 2024. The agreement stipulates the Contract Time at 200 calendar days for substantial completion and 230 calendar days for final completion. Substantial completion is therefore expected October/November 2024 and final completion expected November/December 2024.

Question 2: Within the bid you have 2 pay items: Special Waste Disposal and Hazardous Waste Disposal. Can this work if needed be handled under the allowance or a change order if needed?

Answer 2: The measurement and payment for both Unit Price Items is defined within the technical specifications in which it refers to Articles 669.01 through 669.11 of the Standard Specifications for Road and Bridge Construction. The bidder will be required to provide a unit cost for each bid item. If there are additional units required for disposal for either item, the additional units would then be paid for as part of a change order.

Question 3: Is there a cost estimate or budget?

Answer 3: The Engineer's Opinion of Probable Cost is \$4,090,387.00

Question 4: Are you able to provide the Square Footage of the Project?

Answer 4: Not applicable. No buildings are part of this project.
